Order:

COVID-19 pandemic has adversely impacted lives and economy across the globe. It is likely that a vaccine against COVID-19 will be the earliest available intervention to protect the citizens of our country.

2. Government has begun preparations for possible introduction of COVID-19 vaccine. It is anticipated that initially the supply of vaccine will be limited in view of huge demand, hence, prioritization of socio- demographic groups will need to be done for vaccination and subsequently other groups will be included for vaccination. Initially prioritization will have to be given for the Health Care Workers. Thereafter, other frontline workers of local bodies, police personnel etc., will be prioritised. Similarly, priority may need to be accorded for people with co-morbidities etc.
3. Enrolment of eligible recipients of vaccine in the initial phase will need to be done in a meticulous way. Furthermore, it will be necessary to reach out to people for building awareness with regard to manner of vaccine introduction and to inform them about prioritization of recipients.
4. Government, after careful examination of the matter, hereby constitute the following committees at different levels:
